

## Acquisition of a Shelf GmbH (Ltd) with permission to supply temporary workers in accordance with § 1 AÜG

The companies offered by EVOGE GmbH are newly founded companies entered in the commercial register with permission to provide temporary workers in accordance with § 1 AÜG without previous business activities. The companies have a fully paid-up share capital and are unencumbered by liabilities and obligations. You have the chance to start your business immediately, flexibly and un-bureaucratically, and thus focus on your resources and core competence. EVOGE GmbH is active nationwide and offers a nationwide selection of founding locations. Regarding the takeover of the share capital you can choose between two models. Either you decide on the transferable bank account with the necessary legitimation at the account-holding bank or you choose the uncomplicated order cheque procedure.

The secure acquisition of a shelf company is carried out in five simple and transparent steps:

### 1. Reservation request

Contact us, either via the contact form or by telephone, and reserve a shelf company according to your requirements.

### 2. Reservation and sending of formation documents

In return, we will make a company reservation for you. At the same time, you will receive a questionnaire from us in which you will be asked for the data essential for notary preparation. You will also receive the founding documents of the reserved company and a sample purchase and transfer agreement.

### 3. Purchase price payment

As far as the payment of the purchase price is concerned, you have the choice between three variants.

- Prepayment to EVOGE GmbH
- Transfer to a lawyer's or notary's escrow account
- Approval by a lawyer or notary (small surcharge)

### 4. Company documents by courier

After the purchase price has been secured or paid, the notary appointment is made with the corresponding certification. For this purpose, the notary receives the original documents of the company to be acquired by courier.

### 5. Notary appointment and takeover of the share capital

With the notarisation, the shares are transferred to you as the new company owner. At the same time,

the corresponding amendments to the articles of association and the appointment of the new managing director will take place. From this moment on you are operationally capable of acting. The certified changes must subsequently be reported to the commercial register. The takeover of the share capital also takes place. Here you have the choice between the bank account that can be taken over

from the shelf company or the order cheque procedure. If the existing business account is taken over, the new managing director must be legitimised. We generally recommend the efficient order cheque procedure, as in this case you open the business account at a bank of your choice and pay in the share capital.
